

Tuesday, November 12, 2024

09:00 – 10:00

Opening session

10:00 – 17:00

WHO symposium

Post-graduate course

10:30 – 18:00

PGC01 - An introduction to TB modelling

Post-graduate course

10:30 – 13:30

PGC02 - Shifting perspectives: Strategies for scaling up the BPaLM regimen

Workshop

10:30 – 13:30

WS02 - Using TB active case-finding data to estimate local TB burden

Post-graduate course

10:30 – 18:00

PGC04 - Planning and implementing social protection programmes for people affected by TB: An introduction

Post-graduate course

10:30 – 18:00

PGC05 - Evidence and new WHO guidelines on TB: Translating research evidence and policy into practice to accelerate ending TB

Post-graduate course

10:30 – 13:30

PGC03 - Therapeutic drug monitoring: Roadmap to person-centred drug dosing in the community

Workshop

10:30 – 13:30

WS04 - Sharing experiences and practical lessons in scale-up, introduction and innovation of stool-based testing to diagnose TB, zooming in on Asia

Workshop

10:30 – 18:00

WS03 - Airborne IPC in focus: Implementation of feasible measures for eliminating TB transmission risk and staying prepared for the next pandemic

Tuesday, November 12, 2024

Workshop

10:30 – 13:30

WS05 - TB drug regimens development school: Advanced preclinical and translational tools within the public-private ERA4TB consortium hub

Workshop

10:30 – 13:30

WS08 - Decoding TB drug resistance: A deep dive into WHO's updated TB mutation catalogue

Community connect

10:30 – 11:15

CCSS001 - From awareness to action: Community-based approaches to TB stigma

Community connect

11:00 – 12:00

CCSA001 - Empowering people: Transforming TB care through person-centred approaches

Community connect

11:30 – 12:15

CCSS002 - Survivor-led networks as a catalyst for ending TB in high burden countries: A case study of Touched by TB, the national coalition of TB-affected communities in India

Community connect

12:15 – 13:15

CCSA002 - Capacitating communities to engage with research through responsive and interactive online curriculum

Community connect

12:30 – 13:30

CCSS003 - Challenging local funding support for community-based TB initiatives to End TB: Experiences from Indonesia

Satellite session

13:30 – 15:00

SS01 - Strategic Health Purchasing (SHP) for TB Programme under Indonesia's National Social Health Insurance

Community connect

15:00 – 15:45

CCSA003 - Harmonising health: AI, acoustics, and innovations in TB diagnosis

Post-graduate course

15:00 – 18:00

PGC06 - The power of advocacy in advancing global health

Workshop

15:00 – 18:00

WS01 - The role of advancing molecular technologies in BPaLM expansion and clinical management of people with TB: Are we ready?

Tuesday, November 12, 2024

Workshop
15:00 – 18:00

WS07 - Building capacity for real-time operational research: Experiences from Asia and Africa

Community connect
15:00 – 16:00

CCSS004 - Facilitating interaction between governmental structures and representatives of key communities through the One Voice community platform

Community connect
16:00 – 17:00

CCSA004 - From data to action: Mapping diversities in TB key and vulnerable populations

Community connect
16:00 – 16:45

CCSS005 - CAB-AGAP-AI (KAB-AGAPA-AY): An AI healthcare assistant for healthy lungs and TB/HIV prevention and care

18:30 – 20:00

Opening gathering

Wednesday, November 13, 2024

Satellite session
08:00 – 09:00

SS02 - Shaping the future of TB infection management: From lessons learned to the screening implementation in high TB burden countries

Community connect
09:00 – 10:00

CCSS006 - Advancing pregnancy inclusion in TB research: A model for engaging communities to set the agenda

Oral Abstract session
09:20 – 10:50

OA01 - TB prevention and care capacity building

Oral Abstract session
09:20 – 10:50

OA02 - Digital technologies for TB treatment adherence

Symposium
09:20 – 10:50

SP01 - Fast tracking the cure: Lessons from coordinating cross country community-based advocacy to accelerate uptake and implementation of 6-month drug-resistant TB treatments

Oral Abstract session
09:20 – 10:50

OA03 - Immunosuppressive states and TB: The role of the undernutrition and beyond

Wednesday, November 13, 2024

Oral Abstract session

09:20 – 10:50

OA04 - Strategies for detecting TB in children

Symposium

09:20 – 10:50

SP02 - The journey is as important as the destination: Country perspectives on implementation of next-generation sequencing for drug-resistant TB

Short Oral Abstract session

09:20 – 10:50

SOA01 - Active case finding: Experiences from different countries

Symposium

09:20 – 10:50

SP03 - Validation of treatment decision algorithms for the diagnosis of pulmonary TB in children: Early research experience

Symposium

09:20 – 10:50

SP04 - Breaking the silence: Unveiling the hidden impact of TB-associated disability

Oral Abstract session

09:20 – 10:50

LB01 - The Union-WHO HIV and other comorbidities late-breaker session

Community connect

10:15 – 11:00

CCSS007 - Breaking barriers: Engaging communities for health equity through novel arts-based and participatory community-led innovations

Plenary session

11:10 – 12:10

PL-01 - Access to medicines and diagnostics

E-posters

12:15 – 13:15

EP01 - Era of molecular diagnosis

E-posters

12:15 – 13:15

EP02 - Strategies to improve TB surveillance systems

E-posters

12:15 – 13:15

EP03 - TB diagnostic markers

Wednesday, November 13, 2024

E-posters

12:15 – 13:15

EP04 - Innovations in TB diagnosis

E-posters

12:15 – 13:15

EP05 - Progressing towards TB elimination

E-posters

12:15 – 13:15

EP06 - Active case finding: Experiences from across the world

Satellite session

12:30 – 14:00

SS03 - Finding the missing millions with TB: Mobilising youth to improve health care seeking behaviour'

Printed Posters

13:20 – 14:20

PP01 - Multipronged approach for TB prevention and care

Printed Posters

13:20 – 14:20

PP02 - Mixed methods and quality

Printed Posters

13:20 – 14:20

PP03 - Lab and sample transport

Printed Posters

13:20 – 14:20

PP04 - Community-led monitoring programming

Printed Posters

13:20 – 14:20

PP05 - Dynamic to penetrate TB barriers

Printed Posters

13:20 – 14:20

PP06 - Surviving TB and its aftermath

Printed Posters

13:20 – 14:20

PP07 - Implementing strategies for drug-resistant TB assistance: Time for strengthening person-centred care

Printed Posters

13:20 – 14:20

PP08 - Finding the missing people with TB

Wednesday, November 13, 2024

Printed Posters

13:20 – 14:20

PP09 - Capacity building for TB prevention, care and management

Printed Posters

13:20 – 14:20

PP10 - Align cases demand under cost perspective

Community connect

14:15 – 15:00

CCSA005 - The power of storytelling in TB care: Empowering key and vulnerable populations

Community connect

14:15 – 15:00

CCSS008 - Empowering communities in public-private mix models for ending TB in India

Special session

14:20 – 15:50

SPS01 - The fever rises: Climate change and the TB pandemic

Oral Abstract session

14:20 – 15:50

OA05 - From stigma to support: Addressing mental health for better outcomes

Oral Abstract session

14:20 – 15:50

OA06 - Transmission dynamics of M. tuberculosis: Insights and challenges

Oral Abstract session

14:20 – 15:50

OA07 - Identifying and managing TB infection

Symposium

14:20 – 15:50

SP05 - TB preventive treatment for children: Where are we and what's next?

Short Oral Abstract session

14:20 – 15:50

SOA02 - Burden of smoking and impact of tobacco control measures

Symposium

14:20 – 15:50

SP06 - Scaling up collaborative action on TB and diabetes: Making commitments a reality

Symposium

14:20 – 15:50

SP07 - One dose fits many, but not all: Personalised dosing for those who need it

Wednesday, November 13, 2024

Symposium
14:20 – 15:50

SP08 - Addressing a blind spot in the TB response: The need for adolescent-friendly TB services

Oral Abstract session
14:20 – 15:50

OA08 - Digital Chest X-Ray + AI for TB Detection

Community connect
15:15 – 16:15

CCSA006 - Unlocking the power of community advisory groups: Navigating who, what, where, when, and how

Community connect
15:15 – 16:15

CCSS009 - Working with TB champions to mobilise domestic resources for TB

Oral Abstract session
16:10 – 17:40

LB02 - The Union-CDC late-breaker session (treatment and clinical trials)

Short Oral Abstract session
16:10 – 17:40

SOA03 - Mapping TB: Integrating molecular and spatial approaches

Symposium
16:10 – 17:40

SP09 - Subclinical TB: How important is it?

Oral Abstract session
16:10 – 17:40

OA09 - Resisting resistance: Challenge of drug-resistant TB

Oral Abstract session
16:10 – 17:40

OA10 - Solutions for TB elimination

Symposium
16:10 – 17:40

SP10 - TB and the climate crisis: Why we need to wake up

Symposium
16:10 – 17:40

SP11 - Standards for training content creation

Symposium
16:10 – 17:40

SP12 - TB and mental health integration is urgent and possible: Lessons from WHO feasibility pilots in Ghana, Kenya, and Pakistan

Wednesday, November 13, 2024

Symposium

Oral Abstract session

16:10 – 17:40

OA11 - Innovative strategies for TB care: Co-creation, community engagement, closing the treatment

Symposium

16:10 – 17:40

SP13 - Going beyond Xpert and Truenat towards a new class of low complexity molecular technologies: WHO TB diagnostic guidelines update

Special session

16:10 – 17:40

SPS03 - Combatting Big Tobacco: Uniting against industry influence on public health

Community connect

16:30 – 17:30

CCSA007 - Driving innovation in TB vaccine advocacy, policy, and access to End TB: An interactive community and civil society discussion

Community connect

16:30 – 17:30

CCSS010 - Breaking the silence: TB survivors share their mental health journeys

Satellite session

18:00 – 19:30

SS04 - China's innovations contribute to End TB targets

Satellite session

18:00 – 19:30

SS05 - The evolution of adherence support through digital tools: Insights on engagement, sustainable integrations, actionable data, and the future with AI

Satellite session

18:00 – 19:30

SS06 - What will it take to meet the needs of people with TB wherever they seek care? Exploring private sector engagement

Thursday, November 14, 2024

Satellite session

08:00 – 09:00

SS07 - New advances in TB diagnosis: From diagnosing latent TB with IGRA testing to implementing targeted sequencing for drug-resistant TB

Satellite session

08:00 – 09:00

SS08 - From insights to action: Bolstering National TB Programmes and results through improved data and information systems

Community connect

09:00 – 10:00

CCSS011 - Innovative models to bring new TB tools from the clinic to communities: The role of Product Development Partnerships

Oral Abstract session

09:20 – 10:50

OA12 - Innovative approaches for TB prevention and care

Oral Abstract session

09:20 – 10:50

OA13 - Airborne infection control and safety

Oral Abstract session

09:20 – 10:50

OA14 - Signature mapping for TB

Oral Abstract session

09:20 – 10:50

OA15 - How could we improve TB services?

Short Oral Abstract session

09:20 – 10:50

SOA04 - The sleeper must not awaken: Detecting and preventing TB

Symposium

09:20 – 10:50

SP14 - Ending TB disparities in prisons through evidence-based, community-engaged approaches

Short Oral Abstract session

09:20 – 10:50

SOA05 - Looking through the lens on drug-resistant TB: Operational research perspective

Oral Abstract session

09:20 – 10:50

OA16 - Pregnancy and reproductive health and TB

Thursday, November 14, 2024

Oral Abstract session

09:20 – 10:50

OA17 - TB preventative therapy, impediments, challenges and successes

Oral Abstract session

09:20 – 10:50

OA18 - TB trends in distressed masses

Community connect

10:15 – 11:00

CCSS012 - Increasing accountability for TB policy implementation in South Africa

Plenary session

11:10 – 12:10

PL-02 - Child pneumonia diagnosis and management in low-and middle-income countries: Working towards 2030

E-posters

12:15 – 13:15

EP07 - TB Elimination through accessibility

E-posters

12:15 – 13:15

EP08 - Community participation: Treasure for TB

E-posters

12:15 – 13:15

EP09 - Managing TB

E-posters

12:15 – 13:15

EP10 - Gender and TB

E-posters

12:15 – 13:15

EP11 - Improving treatment adherence

E-posters

12:15 – 13:15

EP12 - Education and training for optimal TB care and prevention

Satellite session

12:30 – 14:00

SS09 - Closing the gaps in testing for drug-resistant TB

Printed Posters

13:20 – 14:20

PP11 - New technologies and methods for eliminating TB

Thursday, November 14, 2024

Printed Posters

13:20 – 14:20

PP12 - TB in pregnancy and young children

Printed Posters

13:20 – 14:20

PP13 - 3 in 1: TB modeling - VHC - digital health technologies

Printed Posters

13:20 – 14:20

PP14 - Imaging tools for TB diagnosis

Printed Posters

13:20 – 14:20

PP15 - Moving forward: From industry monitoring to tobacco endgame

Printed Posters

13:20 – 14:20

PP16 - HIV co-morbidities: Services and integrated approaches

Printed Posters

13:20 – 14:20

PP17 - Voices of TB

Printed Posters

13:20 – 14:20

PP18 - Information system for TB

Printed Posters

13:20 – 14:20

PP19 - Finding the missing people with TB

Printed Posters

13:20 – 14:20

PP20 - TB pharmacology

Community connect

14:15 – 15:00

CCSA008 - Harmonising research: Collaborative perspectives from community advisory groups and researchers

Community connect

14:15 – 15:00

CCSS013 - The vital role of communities and civil society organisations in implementing the ten key actions of the 2023 Roadmap towards ending TB in children and adolescents

Special session

14:20 – 15:50

SPS02 - North-South collaboration: Reinventing the future direction in ending TB

Thursday, November 14, 2024

Oral Abstract session

14:20 – 15:50

OA19 - Child TB care cascade and treatment

Oral Abstract session

14:20 – 15:50

OA20 - Health system strengthening strategies for TB prevention and care

Oral Abstract session

14:20 – 15:50

OA21 - Values of repurposed drugs and potential markers

Oral Abstract session

14:20 – 15:50

OA22 - Integrating multi-sectoral strategies for TB prevention and care: From research to public impact and government enhancement

Oral Abstract session

14:20 – 15:50

OA23 - Automation in TB diagnosis

Oral Abstract session

14:20 – 15:50

OA24 - Non-sputum based diagnosis

Short Oral Abstract session

14:20 – 15:50

SOA06 - From prevention to management of TB

Oral Abstract session

14:20 – 15:50

OA25 - Harnessing community leadership for achieving target

Oral Abstract session

14:20 – 15:50

OA26 - Engage private sector for TB prevention and care

Community connect

15:15 – 16:15

CCSA009 - Targeted next-generation sequencing: Why should communities care?

Community connect

15:15 – 16:15

CCSS014 - Empowering TB survivors: Voices, needs, and action

Oral Abstract session

16:10 – 17:40

OA27 - Addressing TB myths

Thursday, November 14, 2024

Symposium

16:10 – 17:40

SP15 - TB meningitis – from bench to bedside

Symposium

16:10 – 17:40

SP16 - Assessing national TB legal environments to facilitate stronger TB responses

Short Oral Abstract session

16:10 – 17:40

SOA07 - Motivation through communication

Oral Abstract session

16:10 – 17:40

OA28 - Novelty in approaching people with TB

Oral Abstract session

16:10 – 17:40

OA29 - State of the art TB diagnostics

Oral Abstract session

16:10 – 17:40

OA30 - Life after TB: Addressing the problems and needs of TB survivors

Oral Abstract session

16:10 – 17:40

OA31 - Safeguards for the caregivers

Short Oral Abstract session

16:10 – 17:40

SOA08 - Advanced HIV

Oral Abstract session

16:10 – 17:40

LB03 - The RIT/JATA student late-breaker session

Community connect

16:30 – 17:30

CCSA010 - “Beyond Cure”: Interactive art and overlooked struggles - Engage in the post-TB journey

Community connect

16:30 – 17:30

CCSS015 - Carrying TB innovations to new heights: The adventures and learnings from donating portable X-ray technology combined with artificial intelligence to a remote mountainous community in Nepal

Satellite session

18:00 – 19:30

SS10 - New biomarkers for early TB detection and treatment efficacy monitoring: What tests should we prioritise?

Thursday, November 14, 2024

Satellite session

18:00 – 19:30

SS11 - Trials and tribulations in TB drug development: A UNITE4TB and PAN-TB perspective

Friday, November 15, 2024

Meet the expert session

08:00 – 09:00

MTE-01 - Finding the missing people with TB

Meet the expert session

08:00 – 09:00

MTE-02 - Treating the person not the disease: Precision medicine and holistic care in TB

Meet the expert session

08:00 – 09:00

MTE-03 - Leadership in addressing TB-tobacco co-epidemic

Meet the expert session

08:00 – 09:00

MTE-04 - The epidemiology, transmission, diagnosis and management of drug-resistant TB

Meet the expert session

08:00 – 09:00

MTE-05 - Access denied: Confronting barriers to care for children with pneumonia

Community connect

09:00 – 10:00

CCSS016 - Community leadership is building power and driving [#FindAllTB](#) → [#TreatAllTB](#) → [#PreventAllTB](#) → [#EndTB](#) initiative in high TB burden countries

Oral Abstract session

09:20 – 10:50

OA32 - Approaches for identifying TB in children

Oral Abstract session

09:20 – 10:50

OA33 - Cost associated with TB

Short Oral Abstract session

09:20 – 10:50

SOA09 - Finding the missing children with TB and the care cascade

Oral Abstract session

09:20 – 10:50

OA34 - Strategies bridging education and communication for transformative outcomes

Friday, November 15, 2024

Oral Abstract session

09:20 – 10:50

OA35 - Tools and technology for TB

Oral Abstract session

09:20 – 10:50

OA36 - Finding TB in key and vulnerable populations

Symposium

09:20 – 10:50

SP17 - Bridging the Gap from Policy to Practice for Effective and Ethical Integration of New Shorter MDR/RR-TB Regimens

Oral Abstract session

09:20 – 10:50

OA37 - Tobacco and e-cigarette: Feature of use and intervention approaches

Oral Abstract session

09:20 – 10:50

OA38 - Amplifying community voices through advocacy and awareness

Symposium

09:20 – 10:50

SP18 - Children with severe acute malnutrition--progress addressing the burden of TB in this high-risk group

Community connect

10:15 – 11:00

CCSS017 - Translating UNHLM commitments into reality

Plenary session

11:10 – 12:10

PL-03 - Addressing the knowledge-to-practice gap for integration of mental health into person-centred TB care

E-posters

12:15 – 13:15

EP13 - Public-private mix for TB care

E-posters

12:15 – 13:15

EP14 - Case finding, triaging and access, finding the missing millions

E-posters

12:15 – 13:15

EP15 - Improving TB care to make it person centred: Old and new strategies revisited

E-posters

12:15 – 13:15

EP16 - Treating and preventing drug-resistant TB: Dispatches from the coal face

Friday, November 15, 2024

E-posters

12:15 – 13:15

EP17 - Closing gaps in reaching TB

E-posters

12:15 – 13:15

EP18 - Access to quality TB care and services

Satellite session

12:30 – 14:00

SS12 - Interactive panel discussing active case finding to ensure all communities, urban and rural, receive an accurate diagnosis with minimal disruption

Printed Posters

13:20 – 14:20

PP21 - Child TB care cascade

Printed Posters

13:20 – 14:20

PP22 - Lung health over the continuum of care

Printed Posters

13:20 – 14:20

PP23 - Strategies for improved child TB identification: Experiences from Nigeria

Printed Posters

13:20 – 14:20

PP24 - Emerging NTM infection

Printed Posters

13:20 – 14:20

PP25 - COVID-19

Printed Posters

13:20 – 14:20

PP26 - Impact of COVID-19 on TB programmes

Printed Posters

13:20 – 14:20

PP27 - Spectrum of lung health across the life course

Printed Posters

13:20 – 14:20

PP28 - Community empowerment: Successful TB intervention

Printed Posters

13:20 – 14:20

PP29 - From screening to treatment: Enhancing the capabilities

Friday, November 15, 2024

Printed Posters

13:20 – 14:20

PP30 - HIV and comorbidities: Undernutrition

Special session

14:20 – 15:50

SPS04 - TB undernutrition: Everybody's concern

Oral Abstract session

14:20 – 15:50

OA39 - Optimising finding TB in children

Symposium

14:20 – 15:50

SP19 - Social networks of children and adolescents: implications for when and where they are infected with Mycobacterium tuberculosis

Oral Abstract session

14:20 – 15:50

OA40 - Closing the gaps: Active case finding

Oral Abstract session

14:20 – 15:50

OA41 - Cutting-edge sequencing technology

Symposium

14:20 – 15:50

SP20 - Active TB case finding – impactful, fad or fantasy?

Short Oral Abstract session

14:20 – 15:50

SOA10 - Novel diagnostic methods

Oral Abstract session

14:20 – 15:50

OA42 - What you didn't know about Latent TB Infection

Oral Abstract session

14:20 – 15:50

OA43 - Subclinical TB: How far and deep should we go? How do we find subclinical TB and what do we do about it?

Symposium

14:20 – 15:50

SP21 - Mitigating bias and improving inference from observational studies and clinical trials of MDR/RR-TB treatment and diagnostics

Friday, November 15, 2024

Community connect

15:15 – 16:15

CCSS018 - Gender and stigma factor in TB care: The lived realities of inequity and moving towards gender-responsive care

Oral Abstract session

16:10 – 17:40

LB04 - The Union-CDC late-breaker session (epidemiology and programmatic)

Symposium

16:10 – 17:40

SP22 - Pediatric TB drug dosing: using state of the art modeling to bridge principles to practice

Oral Abstract session

16:10 – 17:40

OA44 - Advancements in Pharmacokinetics of anti-TB drugs from bench to bedside

Symposium

16:10 – 17:40

SP23 - New model for technical support: PeerLINC – peer-to-peer knowledge hub to facilitate country-to-country learning to speed implementation of novel treatments

Oral Abstract session

16:10 – 17:40

OA45 - One step ahead in TB diagnosis

Symposium

16:10 – 17:40

SP24 - Moving from consultation to collaboration: unleashing the power of Social Participation for community empowerment and people-centred care

Symposium

16:10 – 17:40

SP25 - Programmatic implementation of targeted next-generation sequencing for drug-resistant TB detection

Special session

16:10 – 17:40

SPS05 - Strengthening cross-sector collaboration to improve diagnostics of zoonotic TB

Symposium

16:10 – 17:40

SP26 - Continuing the conversation on equity: checking our blind spots

Oral Abstract session

16:10 – 17:40

OA46 - CAD AI in finding the missing people with TB

Friday, November 15, 2024

Oral Abstract session

16:10 – 17:40

OA47 - Epidemiological models: Trends, predictions and policy implications

Community connect

16:30 – 17:30

CCSS019 - Climate change and TB: Community-driven solutions from the frontlines

Community connect

17:00 – 18:00

CCSA011 - Advocacy across borders: A case study of 1/4/6x24 Campaign's national, regional, and global approach to advocacy

Satellite session

18:00 – 19:30

SS13 - Incentivising TB care in the private sector and providing financial support to TB patients: Lessons from NTEP of India

Side meeting

18:30 – 20:00

American Friends of The Union - fundraising event

Saturday, November 16, 2024

Meet the expert session

08:00 – 09:00

MTE-06 - Harnessing the power of AI to accelerate TB elimination

Meet the expert session

08:00 – 09:00

MTE-07 - The impact of BCG vaccination on the TB burden in livestock

Meet the expert session

08:00 – 09:00

MTE-08 - Target product profile for TB diagnosis: The process, relevance and challenges

Meet the expert session

08:00 – 09:00

MTE-09 - Population screening and prevention for TB and leprosy: A nursing perspective from the PEARL Project Kiribati

Meet the expert session

08:00 – 09:00

MTE-10 - Paediatric short-course TPT: Pharmacokinetics to implementation

Printed Posters

08:15 – 09:15

PP31 - Performance of TB and drug-resistant TB detection tools

Saturday, November 16, 2024

Printed Posters

08:15 – 09:15

PP32 - Digital adherence technologies

Printed Posters

08:15 – 09:15

PP33 - Game plan for finding the missing people with TB

Printed Posters

08:15 – 09:15

PP34 - Epidemiological, Clinical and Molecular Insights into TB and Co-morbidities

Printed Posters

08:15 – 09:15

PP35 - TB prevention and care, and community engagement

Printed Posters

08:15 – 09:15

PP36 - Reaching people with TB

Printed Posters

08:15 – 09:15

PP37 - Closing gaps in finding TB

Printed Posters

08:15 – 09:15

PP38 - Managing TB, operational research, outcomes and perspectives

Printed Posters

08:15 – 09:15

PP39 - Increasing uptake and breaking the cycle

Printed Posters

08:15 – 09:15

PP40 - Mpower strategies and industry monitoring

Community connect

09:00 – 10:00

CCSS020 - Experience of CSOs in Moldova, Uzbekistan and Tajikistan in supporting the introduction and roll-out of video-supported treatment (VST)

Oral Abstract session

09:30 – 11:00

OA48 - TB prevention and care: Community engagement

Symposium

09:30 – 11:00

SP27 - Computer-aided detection of TB for children and adolescents – generating data to inform global guidance

Saturday, November 16, 2024

Symposium

09:30 – 11:00

SP28 - National TB prevalence surveys: new survey results and latest insights

Symposium

09:30 – 11:00

SP29 - Promoting Equitable Access through Community-based Integrated TB Service Delivery Models of Care

Oral Abstract session

09:30 – 11:00

OA49 - Filling in the TB knowledge gaps: Research in action from new drugs to operational research

Oral Abstract session

09:30 – 11:00

OA50 - Holistic approach towards curative and preventive measures

Oral Abstract session

09:30 – 11:00

OA51 - DM theme "Double Trouble": Addressing the epidemiological and treatment challenges of diabetes and TB

Symposium

09:30 – 11:00

SP30 - Filling the gaps: An update on advancements in maternal TB

Symposium

09:30 – 11:00

SP31 - Smoking cessation intervention for TB patients: urgent need on translating research finding into policy action

Oral Abstract session

09:30 – 11:00

OA52 - Lung health and air quality

Community connect

10:30 – 11:45

CCSS021 - Designing interventions to address TB stigma and its impact on mental health

Plenary session

11:20 – 12:20

PL-04 - The hidden face of the iceberg: Subclinical TB

Community connect

12:30 – 13:15

CCSA012 - Empowering communities to take charge: Building capacity for TB prevention and care

Community connect

12:30 – 13:15

CCSS22 - Shattering silos: The cross-disease network

Saturday, November 16, 2024

Oral Abstract session

12:40 – 14:10

OA53 - Mycobacteria detection and control under the one health approach

Symposium

12:40 – 14:10

SP32 - Social protection to End TB: The role of implementing partners in catalyzing and complementing country efforts for People with TB.

Oral Abstract session

12:40 – 14:10

OA54 - Finding unanswered questions and unquestioned answers: The role of epidemiology

Oral Abstract session

12:40 – 14:10

OA55 - Behind bars, beyond TB: Integration strategies for TB, HIV management and care in prison centres

Symposium

12:40 – 14:10

SP33 - Cost modelling in childhood TB

Symposium

12:40 – 14:10

SP34 - Tuberculosis screening using Computer Aided Detection software enabled digital Chest X-rays: Lessons from field implementation.

Symposium

12:40 – 14:10

SP35 - Assessing the epidemiological impact of strategies to address social and structural determinants: the underutilised role of modelling

Symposium

12:40 – 14:10

SP36 - Biomarker studies in the TRUNCATE-TB trial: identifying people who can stop treatment after 8 weeks with low risk of relapse

Oral Abstract session

12:40 – 14:10

OA56 - Understanding Pharmacokinetics for better TB treatment

Symposium

12:40 – 14:10

SP37 - Mtb infection – what we know, what we don't know and what should we know?

Community connect

13:30 – 14:15

CCSA013 - Breaking barriers in TB for a people-centred, rights-based TB response

The Union

WORLD CONFERENCE ON LUNG HEALTH

BALI • 2024
NOV 12-16

Saturday, November 16, 2024

Community connect

13:30 – 14:15

CCSS23 - Leadership in action: Political advocacy for TB prevention and care

14:30 – 15:30

Rapporteur Session

15:40 – 16:40

Closing session
